

17025:2005 2-Day Internal Auditor & Measurement Uncertainty Training - (Troy, MI)

DAY 1&2 - 17025:2005 Internal Auditor Training

Monday & Tuesday, March 14-15, 2016 – (8:30am - 5:00pm)

This section of the course will cover the aspects of ISO/IEC 17025:2005 and any additional accreditation body requirements as required by the International Laboratory Accreditation Cooperation (ILAC). Participants will be educated on the requirements outlined in 17025 in order to implement a comprehensive quality and technical laboratory management system. Participants will exit this course with the ability to develop and administer the requirements of the standard among their entire laboratory system and gain the necessary technical skills required to achieve ISO/IEC 17025: 2005 Accreditation.

Key points for this course:

- Full Overview of 17025 Requirements
- Audit Planning & Techniques
- Simple & User-friendly Implementation Techniques
- Case Studies & Exercises focusing on Common Laboratory Findings and Troublesome Areas

DAY 3 - Measurement Uncertainty Training

Wednesday, March 16, 2016 – (8:30am - 5:00pm)

This section of the course will cover the various principles of measurement uncertainty and the necessary methods for generating formal measurement uncertainty budgets as required in ISO/IEC 17025:2005 and recommended practices through the Guidance of Uncertainty of Measurement (GUM) and other practical methods. Participants will be educated on the development of uncertainty budgets and will be provided with measurement uncertainty templates that can be utilized in their own testing or calibration laboratory. Participants will exit this course with the knowledge on how to determine relevant factors when determining measurement uncertainty and how to calculate the results.

Key points for this course:

- Identify Measurement Uncertainty Contributors
- Assign Magnitudes to each Contributor encompassed in a Measurement Uncertainty Estimate
- Conduct mathematical methods for combining uncertainties from multiple contributors
- State appropriate Expanded Uncertainties derived from the collected information

(Participants will receive a certificate after completion)

Who Should Attend?

- Testing or Calibration Laboratories preparing for accreditation or seeking additional training in this subject
- Assessors performing third party assessments or internal audits
- Consultants assisting laboratories with implementing ISO/IEC 17025:2005

Price

DAY 1&2 (only): \$1,000.00
DAY 3 (only): \$500.00
DAY 1-3: \$1,300.00

Receive a \$200 discount for attending all 3 days.
